FLUENCY MEDICAL

Increasing doctor capacity and patient care quality

28% of a **doctor's day** is spent on **administrative tasks**

(1 hour in 4 hour)

Primary care physicians are **overworked** at 111% capacity

Market Size

- Market Size by 2030: $188b
  - $15.1b in 2022
- 37% Compound annual growth rate (2022 to 2030)

- Total Number of Active Primary Care Physicians: 256,000
- PCP’s serving Rural Areas: 27,000

Customer Acquisition Cost (CAC) Example Breakdown

Wages of Staff and Taxes	$100,000
Marketing Service Fees	$8,000
Marketing Budget	$25,000
Any Professional services used (designers or copywriters	$3000
Other Expense related to patient marketing	$800
New Patients Acquired	$500

Therefore ($100,000 + 8,000 + $25,000 + $3,000 + $800) divided by 500 =

$268.20 to **acquire** each **new patient** during a marketing campaign

AI as a Time Machine

Our Solution

24/7 virtual patient engagement, admin, triage, scheduling and delivery of summarized diagnostics and billing intelligence for medical practice.

24/7

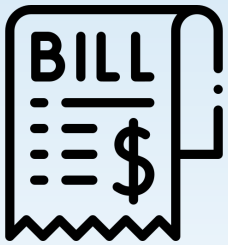

Patient
24 hour patient engagement + diagnosis guidance

Documentation transcription and summary

Video chatting with physicians

Billing guidance feature

Creating Time, Unleashing Capacity

Smart Scheduling

Summarization & Clinical Search

Allow the Physician to **quickly review Patient-Physician** generated content and **query EHR records** for clinical guidance

Diagnostic & Billing Recommendations

AI generated diagnostic recommendations and guidance for **billing** codes

Asynchronous Triage

24/7 Virtual Access for Patient to Concierge Level Services

Go To Market Strategy:

Two Connected Verticals

Vertical	B2C	B2B
	1st Tier Free, Paid Subscription for advanced features	Subscription & referral fee revenue sharing
	Direct Access through App and Website	Access through overlay connected in EHR related systems
	SEM, SMM and SEO Marketing	Direct Sales, Provider & System Agreements

FLUENCY MEDICAL

DeepScribe

DeepScribe is a great for transcription tool, but it doesn't deliver a patient interface. Learn how Fluency Med saves time for physician and adds value to patients.

AMELIA

While Amelia may offer conversational AI capabilities, we take it a step further by guiding physicians with leading questions to ensure accurate diagnostic support and patient responses.

KAISER PERMANENTE

Kaiser E-Visit is a basic coordination tool focused on helping the doctors schedule meetings, but it doesn't have the end to end features with billing and daignostic guidance.
